By JOHN T. WHEELER

DA NANG, South Viet Nam (AP) — U.S. and South Vietnamese planes struck again today at Communist North Viet Nam, hitting military camps and leaving them burning, the South Vietnamese air commander reported.

Brig. Gen. Nguyen Cao Ky, flying the lead Vietnamese plane, was hit in the arm by shrapnel. He said anti-aircraft fire was heavy over the target areas.

Ky reported later the raid was made by 30 Vietnamese propeller-driven Skyraiders and four U.S. F100s.

**HEAVY DAMAGE**

In Saigon, Lt. Gen. Nguyen Khanh, the armed forces commander, said the raid had destroyed 70 per cent of the targets hit.

Ky identified the villages as Liem Cong Tay, That Le and Song Song, all near the frontier and along a route leading toward the border.

Ky said the four U.S. F100s bombed an area just to the

north of his target region, with excellent results. He said it was obvious because of the flak that the Communists knew they were coming.

One Vietnamese air force plane was hit by anti-aircraft fire over the target and crashed near Da Nang on its return flight. The pilot parachuted and suffered a bruised shoulder. A second Vietnamese pilot was wounded by shrapnel in the neck but not seriously.

**U.S. PLANE HIT**

Ky said he understood one U.S. plane was hit by flak but that there were no casualties among American personnel. Ky declined to say if there would be more raids on North Viet Nam. However, he said that if there were more raids he planned to fly.

"We came in very low just off the tree tops," Ky said. "Just before we reached the target we

## NAB COUNTIAN IN SUSPECTED FRAUD DEALS

An estimated \$9,500 in funds are involved in what authorities believe may be a fraud as the result of the arrest of Lester O. Wilson, 58, Biglerville R. 1, Friday night. The accused was picked up by Jay V. Stone, Cumberland County constable, with the assistance of Mechanicsburg police.

Authorities said that Wilson, who may have been working with two accomplices, allegedly was selling stock in an apparent non-existent "putter-craft company" which manufactures pewter mugs and ceramics.

**3 LOSE FUNDS**

According to information filed with Justice of the Peace B. Frank Swigert Jr., Wilson allegedly is involved in incidents in which Frank B. Stephenson, Shiremanstown, lost a total of \$5,000; Charles Stansfield, also of Shiremanstown, lost \$2,300 and John W. Hobart, Mechanicsburg, turned over \$2,140 for stock certificates and other "necessary expenses." Swigert said that the "company" had no stock and there are no officers.

**OTHERS INVOLVED**

Wilson allegedly promised the men that they would become rich quick and showed them letters from national firms placing orders.

There were indications that at least two other men are involved in the incidents.

Swigert said that Wilson was charged with operating under fraudulent pretenses with intent to cheat, and has been released on \$5,000 bail which was set by District Attorney Richard C. Snelbaker of Cumberland County. A hearing is scheduled for Wilson on Friday at 7:30 p.m. at Swigert's office.

Damage was estimated at \$250 to the car and \$150 to the truck. The car was owned by Billy Williamson, Carrollton R. 2, Ga., according to the police report.

A charge of failing to stop for a red traffic light was brought against Sproukin before Justice of the Peace Robert P. Snyder.

## Embittered Violin Maker Kills His Wife In American Museum Of Natural History

By RAY KOHN

NEW YORK (AP) — A serene Sunday afternoon in the American Museum of Natural History erupted into a nightmare as an embittered violin-maker shot and killed his former wife amid the screams of children and their horrified parents.

About 30 persons were in the majestic entrance hall when five shots rang out and Gertrude Didchenko, 43, slumped to the floor. A trembling onlooker was her daughter, Susan, 12.

The father, Dmytro Didchenko, 72, described as a master craftsman, was subdued by museum guards and a visitor, a retired city detective.

**CUSTODY SQUABBLE**

## WARM RAINS SUNDAY BRING FLOODING HERE

Sunday's rains, the heaviest here since last July, totaled 2.2 inches and were accompanied by the warmest weather so far this year, coming in the wake of the winter's longest cold snap.

The steady rains that began early Sunday morning and continued through the day sent some streams over their banks with flooding aggravated by huge cakes of ice moving off the streams that had been frozen for more than a week.

Flood waters seeping across the Harrisburg Rd. near Heidlersburg were blamed for two accidents Sunday afternoon and reports from the East Berlin section told of a man and his daughter being stranded on the roof of their car in a branch of Bermudian Creek on Ridge Rd. between Big Dam and Mt. Top.

**RESCUED BY FARMER**

A farmer, Edward G. Green, East Berlin R. 1, went into the flooded creek with a tractor and rescued the man and his child. Green also pulled the car from the creek. Green said he did not get the names of the stranded pair who apparently were unhurt by their experience.

Spring-like weather arrived here Saturday when the temperatures soared to 62 degrees, making it the warmest weather here since the day after Christmas. Sunday's high was 53 despite the fog and overcast skies and warm, sunny weather returned here today.

Signs of spring were reported and Justice of the Peace John Whitman said daffodils and crocuses are springing up at his home along the Emmitsburg Rd. and will soon be in bloom if this weather continues. But cooler weather is forecast for tonight and Tuesday.

Sunday's rain was the heaviest here since last July 11 and 12 when rain measuring 2.55 inches fell in a 24-hour period, Gettysburg Times weather records show.

## 6 JURORS ARE SELECTED FOR CLARK'S TRIAL FOR 2 MURDERS

Six jurors were selected this morning to serve during the trial of Alton Blair Clark, New Oxford R. 1, on murder charges based on the shooting of his wife and mother-in-law.

The case was the first brought before the Adams County court when criminal trials began for the February term this morning. Twenty-five jurors had been on the witness stand up to noon for questioning in connection with the selection of the 12-man jury and two alternates who will hear the case.

Judge W. C. Sheely indicated the trial will probably extend to Thursday by excusing the 19 challenged jurors until Thursday morning at 9:30 o'clock.

**FIRST TWO ACCEPTED**

The first two called, Paul E. Bricker, Gardner's traffic agent, and Mrs. Wilmer Lady, Gettysburg R. 4, were the first two jurors chosen for the trial.

The ninth called, Orlean H. Bair, Littlestown R. 1 shoemaker, was the third selected for the jury, at 10:32 this morning. Another hour passed before the 20th juror called, Paul M. Kaehler, 617 Main St., McSherrystown, a barber, was named as the fourth member of the panel. At 11:40 Millard H. Chronister, Gettysburg R. 6 merchant, the 21st juror called, was selected as the fifth member. At 11:56 the 25th person called to the witness chair, Mrs. Ruth A. Knouse, Gettysburg R. 4 housewife, became the sixth member of the jury.

**TO ASK DEATH PENALTY**

During the selection of the jury, the 75 called for potential duty have been kept in the law library and jury room until summoned individually to appear in the courtroom for questioning by the attorneys. District Attorney Gerald R. Walmer indicated the death penalty will be asked by questioning for scruples against capital punishment.

Attorney Eugene R. Hartman and Attorney Richard P. Noll, representing Clark, indicated the possibility of a plea of temporary insanity by asking the jurors questions concerning whether they could bring in a verdict of innocent if it were proven that Clark did not know what he was doing at the time of the shooting of Mrs. Clark and Mrs. Mae Kuhn at the parking lot of the Kuhn Convalescent Home, just east of New Oxford, last October.

## Plan Reception For Administrator

The board of directors and members of the staff of the Warner Hospital will honor James E. Bangerd, hospital administrator, Thursday evening at 6:30 o'clock at a reception in the cafeteria at the institution. The new administrator assumed the position February 1.

Donald C. Wagner, hospital controller, filled the position temporarily in the interim.

The reception and dinner are being arranged by Allen S. Stauffer, a member of the board of directors.

## Gas Leak Causes Scare At 7 Stars

Gettysburg firemen went to the Hercules Alcor plant at Seven Stars at 1:10 o'clock this morning when a leak occurred in a line from a railroad tank car into the plant and chlorine was released into the plant and general area.

Plant officials called for gas masks to permit one of the plant workers to turn off the valve and halt the escape of the gas. Fire Chief Robert Hartman directed that the fire company be called in case anything should happen while the gas was escaping. Firemen said they could smell the chlorine for a quarter of a mile before arriving at the plant. Three firemen stood by until the valve was closed.

A number of residents of the area apparently left their homes during the period because the Quick Call Center here received several calls from persons asking if it was safe to return home.

## PONDER PLOT BACK OF NEW BLOWS IN S.V.N.

By JOHN HIGHTOWER  
AP Special Correspondent

WASHINGTON (AP) — U. S. officials are deeply puzzled about the Soviet Union's link—if any—with the weekend wave of Communist guerrilla attacks on American installations in South Vietnam.

Was the operation encouraged and supported by the Soviet Union as part of its current maneuver to gain influence with North Vietnamese leaders?

Did Red China and the men in Hanoi conspire to set a trap of embarrassment for Soviet Premier Alexei N. Kosygin, timed to his arrival in Hanoi Saturday?

### PRESSURE PLAY

Or did the North Vietnamese organize the attacks strictly on their own as a pressure play to squeeze more military aid out of Kosygin than he planned to offer them?

At the moment Washington authorities generally believe that the pressure-play theory is correct. They think the North Vietnamese pulled a fast one on Kosygin in the hope of getting a bigger slice of Soviet help.

They reason that the timing of the attacks in South Vietnam early Sunday morning, a few hours after Kosygin's arrival in Hanoi, could not have been accidental. Somebody wanted to prove something.

pulled up to release our bombs. That's when the flak hit us.

"Almost all of our 30 planes were hit as they dropped their high explosive and fragmentation bombs and turned home," Ky said.

The U.S. Embassy announced the new raid first in Saigon. It said:

"In furtherance of the action announced yesterday by the acting Vietnamese premier and the U.S. ambassador, it has been made known that military action was taken today by government of Viet Nam and U.S. aircraft against other military installations in North Viet Nam."

The embassy gave no details of the raid.

The Soviet news agency Tass in a dispatch from Hanoi claimed that North Vietnamese ground troops shot down three U.S. planes at noon today during a raid by U.S. and South Vietnamese planes, on the North Vietnamese town of Dong Hoi.

In Washington, the Defense Department said no U.S. aircraft are missing.

Dong Hoi was the chief target Sunday of a bombing strike by U.S. Navy planes in retaliation for the Communist mortar attack earlier Sunday on the U.S. base at Pleiku. The Communists claimed four planes were downed during the raid Sunday, but the United States admitted the loss of only one.

State police who investigated the accident said that the boy suffered a bruised right hip.

that participated in the raid today apparently came from the U.S.-Vietnamese air base at Da Nang, 80 miles south of the North Vietnamese border.

## Embittered

(Continued From Page 1)

State Sen. Bernard Tompkins, 61, had been called in to care for Susan. He collapsed and died as he talked to newsmen at a police station.

The domestic affairs of the Didenkos, married in 1952, were tangled from the beginning, according to testimony by German-born Mrs. Didenko in State Supreme Court eight years ago.

### FINANCED WEDDING

While seeking custody of Susan, Mrs. Didenko told Justice Louis J. Capozzoli that Didenko financed her wedding to a displaced person in Germany, enabling her to come to this country.

The woman testified that, after arriving in the United States in 1952, she divorced the displaced person and wed Didenko. Five years later she accused her husband of taking their daughter. The judge gave her custody and the father visitation rights.

Susan lived with her mother in Rego Park. Didenko resided on Manhattan's upper West Side.

### IN QUICK SUCCESSION

The second car hit the bridge while police were investigating the first accident. According to the officers, Allen E. Swanson, 35, of Elmira, N. Damage was estimated at \$500 to Jackson's car and \$350 to Mrs. Shears' vehicle. A passing motorist took Mrs. Shears to the Warner Hospital.

Damage was estimated at \$550 but no one was reported injured when two cars sideswiped 1 1/2 miles north of Bonneville on the Bonneville-New Oxford Rd. According to the officers, Charles R. Mort, 21, Fairfield R. 2, was traveling south and his car struck a northbound sedan operated by Jude S. Ginter, 32, Hanover. ## A Lovelier You

By MARY SUE MILLER

How short will you wear your skirts this spring? You are aware, of course, that many fashion de-

signers plan on turning hems above the knees.

It's a radical move and you may not wish to go along with it. You don't have to, either. The length is most trying. And, for reasons of personal flattery and taste, the mid-knee and below-knee lengths are sure to continue on the scene.

But, whatever your decision, there's a need for see-worthy knees. Skirts do ride up when you sit down. Shorts and swim suits never provide shelter. Knees just have to be revealable — smooth and trim. Here's the beautifying treatment.

1. To satinize the knee complexion, massage with a grainy cleanser several times weekly. Combine the job with your bath and it's easy. Every day apply hand or body lotion; work it in with firm, rotary motions.

2. For slimming and contouring, stand on tiptoes and stretch knees upward. Hold for 10 counts; relax and repeat 10 times. Then kneel on floor and, keeping back erect, squat on heels. Slowly rise to kneeling position and slowly return to squat. Repeat six times.

3. Remember to keep the knees flexed—slightly bent—when you stand and walk. It's the best trimmer of all. What's more, a relaxed knee adds grace to your carriage and lessens fatigue.

If your individual problem is heavy legs, send for my new leaflet, *LEGLINE TRIMMERS*, which contains spot reducing exercises that will meet your individual needs, whether for thighs, knees, calves or ankles or for contouring your entire legline. Write Mary Sue Miller, Box 158, The Gettysburg Times, Dundee, Ill., enclosing a stamped, self-addressed envelope and five cents in coin to cover handling.

## Says Farmers May Miss Tax Credits

Farmers may be losing as much as \$1,000 by paying more income tax than necessary, according to Charles L. Lott, president of the Adams County Farmers' Association, who said his organization can supply tax forms that are needed but were not sent farmers by the Internal Revenue Service.

"Too many farmers do not know they are eligible for an investment credit deduction on their income tax," Lott said. "The reason is that the IRS did not send the investment credit Form 3468 along with the regular tax forms to farmers."

The use of Form 3468 enables the farmer to reduce his tax liability by up to seven per cent of his basis of qualified investment in such things as equipment, silos, storage structures and etc. This credit is mandatory, and if not taken, IRS could conceivably make the farmer refund the credit which he did not take if the asset were traded or sold in the next eight years, Lott said. Forms may be secured from the district IRS office or the Pennsylvania Farmers' Association, 21st and Chestnut Sts., Camp Hill.

## Out Of The Past

From the Files of the  
Star and Sentinel and  
The Gettysburg Times  
ONE HUNDRED YEARS AGO

We understand that the Rev. Mr. Brightenbaugh of Greencastle was elected pastor of the St. James Lutheran Church of this place. He has accepted the call and will enter upon his charge about the 1st of April.

Hon. A. H. Coffroth, Representative in Congress from this District, voted against the Constitutional Amendment to abolish slavery in the United States, when it was up, and failed, at the last session of Congress, on account of not having a two-thirds majority. When it came up on Tuesday last, in the House of Representatives and was passed, 119 to 56, we observe the name of Mr. Coffroth in the affirmative — showing clearly that he had changed his view on this great and important question of the country. It would not be becoming in us to attribute any sinister views to him for this change of base; and must take it for granted that he found himself on the wrong side and, better late than never, has yielded to a more patriotic feeling than mere partisan ideas. We only know that he changed his vote in a few short months. We only see in the latter a correct vote, one on which the country honestly and patriotically has spoken out in thunder tones, and he has followed public opinion.

The President and Secretary Seward returned to Washington on Saturday morning and the Rebel Commissioners to Richmond. There was a five-hour conference. The Rebels demanded independence; and the President was firm in his declaration to prosecute the war on his heretofore declared principle — compelling OBEDIENCE TO THE INTEGRITY OF THE UNION. The Rebel Government knows now what they must do; and our gallant officers on the land and sea know what they will do. If traitors will not yield, let them fill the traitor's grave. Every incontinent has been held out to them to submit, and be received as the Prodigal Son, returning to his father's house. If they choose the defiant and rebellious course, they must reap the reward of this unholy rebellion. Their armies will soon be crushed in the field.

An interesting ceremony took place at the White House on Tuesday morning. The occasion was the presentation to President Lincoln of a truly beautiful and superb vase of skeleton leaves, gathered from the battlefields of Gettysburg. The vase was on exhibition at the Sanitary Fair held in June in Philadelphia and was there subscribed for as a gift to the President.

Gen. Lee has been unanimously confirmed by the Senate of the Rebel Congress as Commander-in-Chief of their Armies. He has issued an appeal asking that every gun, pistol and sword in private hands may be turned over to him — threatening punishment to all who fail. He gets no more through Wilmington through the blockade-runners.

## Today's Talk

### NEGATIVE TALK

I am sure that there are those who never realize how damaging their negative talk is. To illustrate: How familiar is such a statement as this: "I would like to ask you to do something for me, but I know you won't." Here is another: "I am going to ask you a question but I know you won't tell me the truth!"

Such negative talk creates antagonism at once, to say nothing about lowering the respect one might have the one making such statements. Negative talk and negative thinking have a very definite influence on health and character as well. Think positively and you will do positive things. Some of you may recall that poem of Edgar Guest's about the job of the chap of whom they said: "It couldn't be done — but he did it!"

Create confidence in the mind of a person and he will step high and climb high. He will do impossible things again and again. Negative talk actually shrinks the brain. On the other hand, positive talk enlarges and enriches the brain.

There can't be a good chance for lasting peace in the world while everyone talks "cold war." Constructive talk is always positive talk. The welcomed person is the one who is forever doing the things that he says he can. That mother who told her boy, as he was about to break home ties, to come back somebody gave him a boost that no mere gift could accomplish. Create confidence and you create events!

You can't defeat a winning combination. I like that word "confidence" better than I do the word "faith." The Bible defines faith as the "substance of things hoped for," but confidence is the substance of things expected! Belief is but another word for doing. Believe and you will do.

Believe and have confidence in your friend, and he will not fail you. It always works that way. Talk positively, think positively, and you can't help but do positive, winning things. Doubting rings no bells!

## Just Folks

**SERVE-SELF**  
Earth is a serve-self sort of place  
Where life, the host, displays  
Its offerings for the human race,  
And hearts and minds are  
trays.  
Man moves along and he may  
choose  
What he will take and what refuse.

The counter shows the various  
wares  
Of bitter and of sweet;  
Of patience for man's daily cares,  
Of courage for defeat.  
And wisdom for his span of years,  
And faith for sorrow and its tears.

Life grants to all the right to  
make  
Whatever choice they will,  
Honor is there for them to take,  
Courage and strength and skill.  
And, only time, at last, will tell  
Whether or not they've chosen  
well.

### STEVE BARBER TAKES PAY CUT TO \$23,000

By THE ASSOCIATED PRESS

Barber, a veteran left-hander, signed his contract Sunday, taking a reported \$2,000 cut to a salary of \$23,000. ### Large Crowd At Benefit Affair

A large crowd attended the basketball games held for the benefit of the Community Center youth room on Saturday evening at the Littlestown High School. The amount realized from the sale of tickets was \$270.65. Proceeds will also be received from the concession stand and the sock hole which followed the games.

In the first contest the local high school faculty defeated Coldsmith Roofers of the Gettysburg Community League; in the second game, the Littlestown High School alumni were defeated by the New Oxford all stars.

LHS students entertained between games. Thanks are extended to all those who patronized and helped in any way to make the event a success.

Among other players signing were first baseman Joe Pepitone of the Yankees, Dennis Bennett of Boston and shortstop Ron Hansen of the Chicago White Sox.

Mt. St. Mary's Suffer 105-82  
Lacing At Hampden-Sydney;  
Play At Roanoke Tonight

Mt. St. Mary's usually fine defensive game was missing Saturday evening at Hampden-Sydney where the Mountaineers suffered a crushing 105-82 setback at the hands of the Tigers in a Mason-Dixon Conference game.

The loss, second in a row for the Mountaineers, knocked them into third place in the Northern League. They are 8-2 in the league and 14-3 overall.

Hampden-Sydney, scoring over 100 points for the ninth time this season, is now 7-1 in the South League where it leads, and is 13-6 overall. The Tigers' point total was one of the largest ever rolled up against the Mount.

Jim Phelan's outfit was also way off in rebounding where the Virginians held a commanding 50-37 edge.

The teams fought on fairly even terms in the first half and at half time the Mount trailed 47-42.

## LOSE FOUR PLAYERS

In the second half Bernie Haag and Ed Folk were ejected while Jack Campbell and Pete Johnston were lost on personal fouls.

Jim Snyder and Don Quarles led the Tigers with 25 and 24 points, respectively. Dan Tricker, playmaker for the winners, landed 15, including 11 of 12 free tosses. The Tigers swished 25 of 31 free throws.

Lou Martine was high man for the Mount with 15. Jim Livelyberger, ex-Delone star, broke in to the game and rimmed six goals.

Tonight the Mount completes its three-day trip into Virginia by meeting Roanoke at Salem, Va. Roanoke is 6-5 in the South League and 6-5 overall.

## MANY FIRMS IN DRIVE TO CUT LITTERING

By SAM DAWSON  
NEW YORK (AP) — President Johnson's urge to make America beautiful heartens many businessmen who are spending thousands of dollars and much time each year to deter those who make America ugly.

Some of the nation's largest corporations are in the drive, both nationally and locally. And they have dollars-and-cents motives as well as aesthetic ones.

They have pumped some \$4 million in recent years into efforts on a national scale to keep America beautiful. At the local level they, and business organizations, are preaching the doctrine, which is a complement to the President's program. Secretary of Commerce John T. Connor has launched this with a plea to the 50 state governors to help improve the appearance of highways and roadsides.

### COSTLY NUISANCE

Littering and defacement of highways, streets, recreation areas, factories and other buildings costs taxpayers and business firms millions annually for repair and maintenance. Carelessness and neglect can lower property values, drive away new business and tourists, and hurt closely nourished corporate images. Such littering and defacement can lead to fires, cause accidents and menace health.

Now businessmen are warning that littering could quickly undo much of the gains that the President's beautification program might achieve.

Individually, many companies are in the fight. Sears, Roebuck supported preparation of antilitter teaching aids for classroom use. Richfield Oil produced two color movies on keeping America beautiful. Southern Bell Telephone and Mississippi Power & Light produced another for use in that state. Owens-Illinois Glass conducts let's-stay-neat programs among its employees and in its plant towns.

### RESEARCH TOO

Some major breweries print "stash the trash" on six-pack beer cartons. American Can, Continental Can, among others, place antilitter posters on their trucks.

The Advertising Council estimates its 1964 campaign netted \$10 million worth of time and space for litter prevention donated by hundreds of newspapers, magazines and radio-TV stations. The glass container Manufacturers Institute sponsored a motivational research into why people litter.

## TWO FLEEING LAOTIANS ARE IN THAILAND

VIENTIANE, Laos (AP) — Well-informed sources said today Deputy Premier Gen. Phoumi Nosavan and Police Gen. Siho Lamphoutacoul are in Udorn, Thailand, where they fled after loyal rightists crushed their rebellion.

The sources said both men were at the house of the Udorn provincial governor and had appealed to the Thai government for asylum. Laotian sources did not know whether the two men would be returned to Vientiane.

There was no immediate confirmation of the report.

A spokesman for Premier Prince Souvanna Phouma said Phoumi might be shot if captured and in any case probably would be replaced in the shaky rightist-neutralist coalition cabinet.

Udorn, site of a U.S. Air Force base, is in northern Thailand and about 40 miles south of Vientiane.

Most members of Phoumi's family, including his wife and friends, were rounded up by soldiers in the vicinity of Vientiane and returned to the capital after loyalists put down the rebellion on Wednesday.

In an official proclamation today, Souvanna promised due punishment for "the few ambitious criminals" who fomented the rebellion. He mentioned no names, but apparently was referring to Phoumi and Siho.

## York Ambulance Crashes; Four Hurt

YORK, Pa. (AP)—Four persons were hurt in the collision of an ambulance and a car at nearby Spry Saturday night.

Mrs. Oletta Frey, 64, of Red Lion, who had fallen at her home, was being taken in the ambulance to York Hospital. After the collision, she was admitted in fair condition with a concussion.

The drivers of both vehicles and two passengers in the car suffered minor hurts.

## Man Stricken As Fire Strikes Club

HARRISBURG (AP)—A resident of a Harrisburg men's club which was struck by a fire was listed in satisfactory condition today at Harrisburg Hospital.

The victim, Harry Dehart, 74, was stricken with an illness during the blaze Saturday at a three-story building housing the Hill Cafe and Allisonia Men's Club.

Hospital authorities declined to state the nature of his illness.
